22nd December 2007

FAO Miss K O'Connor

Dear Miss O'Connor,

Planning/Listed Building Application 110578/001 - 32, Chamberlain St, Wells  
-----

We refer to the application by Messrs Dreweatt Neate to replace signs on the Chamberlain Street elevation of their premises. These proposed signs are no doubt a standardised version for the firm, but we suggest that the main lettering on blue background is over aggressive in this location and that the existing applied lettering is much to be preferred. This is a good Listed frontage in the context of a street frontage of high quality, with little visible commercial intrusion, which the proposed signage would degrade.

We would therefore ask you to refuse this application.

Yours faithfully,

Patrick Brown, Wells Civic Society,  
22 Dodd Avenue, WELLS, BA5 3JU
